

**CUNARD**

# Australia's Gardening Journey.

Setting sail on 4 February 2023, Cunard's inaugural gardening voyage offers guests a wonderful opportunity to indulge their love of gardening while enjoying a summer cruise on Queen Elizabeth in Australia's southern waters.

Leading gardening experts and well known personalities will join this special seven-night voyage to share their latest knowledge and garden trends with guests during informative talks and dinners. Topics will include rose gardening, small garden design, bee-keeping, lawn maintenance and growing native plants, just to name a few.

Queen Elizabeth's entertainment program will have a green twist with guests having the opportunity to take part in a range of on board activities and hands-on workshops like gardening trivia, special craft classes and lessons in cooking from their gardens.

Visiting the popular ports of Adelaide, Hobart and Port Arthur- the cruise will also offer guests the option of bespoke shore tours taking in beautiful gardens in each city amongst other local activities and sight-seeing options.

## QUEEN ELIZABETH Australia's Gardening Voyage 7 nights

## Our Special Guests.

Jamie Durie –

Jamie Durie is an award winning international designer, an author of 12 books, an internationally recognised TV presenter with over 2 decades of design experience, and a lifetime of environmental empathy.

Graham Ross –

Perhaps Australia's best known gardener, Graham's career as a horticulturalist, radio broadcaster, television gardening presenter and author has spanned more than 50 years.

Julia Zaetta –

Currently the editor-in-chief of Australia's number one home magazine Better Homes and Gardens, Julia is regarded as one of the most successful and the longest-serving editor in Australian publishing history.

Angus Stewart –

An award winning horticulturist, Angus is renowned for his work in breeding new varieties of Australian native plants and is a regular presenter on a range of popular radio and television gardening shows.

Sarah Hamilton –

Sarah is a horticulturalist who has specialised in native stingless bee keeping for more than six years.

Steve Falcioni –

A qualified horticulturalist, Steve is well known as a writer, public speaker and radio guest on gardening issues and is an advocate for organic gardening.
